Design Skills

Storytelling
Interaction Design
User-centered Design
User Research/ User Interview
Usability Testing/Prototyping
Affinity Diagramming
Persona Creation
Wireframe Production
Web Site & Application Design
HTML & CSS

Software Skills

Sketch App	OmniGraffle
Axure RP	Microsoft Office
InDesign	Photoshop
Illustrator	Balsamiq
InVision	Marvel
Solidworks	AutoCAD

Organization(s)

Seattle Design Nerds

Languages

Chinese (Simplified & Traditional)
English

About Me

My background in engineering drives my need to solve problems. With a mindful observation for human interactions, I approach a problem with an empathy for users, and aim to discover the hidden root and search for a practical solution. I see every problem as an opportunity for grow more.

Experience

Mechanical Designer October 2016 - December 2015
Hinds-Bock Corporation, Bothell, WA
- Annotate engineer notes for machine manual production
- Develop 3D models for engineers from 2D vender drawings
